

Proceedings
Sixth Dr. George Bachman Memorial Conference
Indian Journal of Mathematics
Volume 57, 2015 (Supplement)

Contents

Foreword	ix
<i>Edward Beckenstein and Charles Traina</i>	
List of Ph.D. students of Prof. George Bachman	xi
On mappings between sets of finitely additive measures	1
<i>Charles Traina</i>	
On Boolean-valued interpretations of JB^*-algebras	13
<i>Alexander A. Katz</i>	
A Tauberian theorem for the Nörlund means for double series in ultrametric fields	33
<i>P. N. Natarajan</i>	
An inclusion theorem for weighted mean methods for double sequences	39
<i>P. N. Natarajan</i>	
On a centralization measure of graphs Part 1. Labeled trees	43
<i>Zbigniew Palka</i>	
Some applications of Weyl calculus to quartic oscillator	61
<i>Vladimir Tulovsky</i>	
Applications of Cauchy integral formula	77
<i>Jack-Kang Chan and Kang-Ray Chan</i>
