

Indian Journal of Mathematics

Dharma Prakash Gupta Memorial Volume

TENTATIVE CONTENTS

VOLUME 60, No. 1, (2018)

S. S. Dragomir

New inequalities of Hermite-Hadamard type for GG -convex functions

Ricardo Estrada

Changes of variable in hypersingular integrals

Surjit Singh Khurana

Radon vector measures on topological spaces

Kiran N. Darji and Rajendra G. Vyas

On absolute convergence of double Walsh-Fourier series

Gregory S. Adkins

Angular decomposition of tensor products of a vector

Mohammad Imdad, Mohammad Asim and Rqeeb Gubran

Common fixed point theorems for g -generalized contractive mappings in b -metric spaces

George A. Anastassiou

Mixed conformable fractional approximation by sublinear operators

Tatjana Došenović and Stojan Radenović

A comment on fixed point theorems of JS-quasi-contractions
